ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Auction Sales Are Conducted in the Following

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices; prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. **YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED.** No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins each month. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalog.

IS THIS YOUR FIRST AUCTION CATALOG?

15th EDITION GUIDE BOOK AND 18th EDITION STANDARD CATALOG
USED IN CATALOGING THIS SALE.

Gold, silver, small cents, types, commens, (gold & silver) & scarce currency, seem to be rising the most rapidly at present with most bringing close to listed values and a great number bringing even more. Many are rising from month to month with a number "just not obtainable." The coins most in demand will have the greatest number of bidders and with the law of supply and demand working, these coins keep setting new records.

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these coins come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of the results in our past sales which reflect the actual and not theoretical value. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, ETC. ARE ESTIMATED AT CATALOG.)** in the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.25. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. Coin collecting is a personal hobby which makes life a little more pleasant. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION.**

BARGAINS GALORE

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, compliments (yes we receive some now and then), we want to hear them. Having catalogued over two hundred thirty-five successful coin auctions, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 7c airmail stamp to find out what we would pay for your outstanding pieces? naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the **bid Sheet**. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

THREE DOLLAR GOLD

The rise in value in this elusive series has been little short of remarkable during the past year. New records are being set just about every time offered. This is easily understandable just by glancing at the small amount issued compared to the other series. We feel the rapid rise in values will continue due to the increasing demand by both old and new collectors. Present day values will no doubt appear as "bargains" in the very near future.

154—1854 TYPE I (ONLY YEAR) small "DOLLARS", BRILLIANT UN- CIRCULATED GEM. A FLAWLESS, SHARP STRIKE WITH PROOF SURFACE (have seen worse called "proof" sell at \$750.00). In this remarkable condition, this TYPE COIN should easily be worth	500.00
155—1854-O Extremely fine. ONLY "O" MINT.	175.00

THREE DOLLAR GOLD (Continued)

156—1857 TYPE II (Large "DOLLARS") nearly Uncirculated, sharp.....	175.00
157—1858 Extremely fine with traces of PROOF surface (many of the proofs eventually were placed in circulation). RARE DATE. Catalogs unc.	450.00
158—1859 Smaller date, appears to be a PROOF which was placed in circulation long enough to lose the proof surface in the fields. We note proofs now catalog	425.00
159—1860 Fine obverse, very fine reverse. Catalogs	140.00
160—1860-S Nearly fine, cleaned (probably removed from band). SCARCE.	140.00
161—1863 Nearly Uncirculated. RARE CIVIL WAR ISSUE.	250.00
162—1868 PROOF WITH ORANGE TINT. ONLY 25 ISSUED NEARLY A CENTURY AGO. HOW MANY CAN STILL BE IN EXISTENCE TODAY?	750.00
163—1869 Appears to be a PROOF which has been cleaned. RARE. ONLY 25 PROOFS ISSUED. We note the catalog lists proof at....	600.00
164—1870 PROOF altho some rubbing in fields. ONLY 35 ISSUED. Catalogs	550.00
165—1871 PROOF WITH ORANGE TINT. ONLY 30 PROOFS ISSUED. Also, the THIRD RAREST DATE ISSUED FOR CIRCULATION 1854 TO 1871.	850.00
166—1872 PROOF WITH ORANGE TINT. ONLY 30 ISSUED.	750.00

167—1874 PROOF WITH ORANGE TINT. ONLY 20 ISSUED, the same number of proofs as issued for 1877 (catalogs \$950.00) and 1875 (catalogs \$6,250.00). Should bring well over\$1000.00

168—1878 Brilliant Uncirculated GEM. One of the CHOICEST SPECIMENS OF THIS DATE WE CAN RECALL SEEING.	250.00
169—1879 Brilliant with PROOF surface. So choice it was acquired as a full proof which it so closely resembles (most "proofs" offered of this date that we have seen resemble this specimen). Catalogs (proof) \$450.00 but we have seen one recently priced at	600.00
170—1882 OVER 2 (Major unlisted variety) original 2 about 50% too high, brilliant with PROOF surface. So choice, it was acquired as a full proof. RARE.	600.00
171—1888 Brilliant Uncirculated GEM. Rare so choice,	300.00

QUARTER EAGLES (\$2½ GOLD)

172—1796 16 STARS around bust (issued late in the year after Tennessee became the 16th state). **UNCIRCULATED WITH PROOF SURFACE**, barest rubbing in field. **ACCORDING TO THE CATALOG, THIS WAS THE SMALLEST ISSUE OF ALL QUARTER EAGLES ISSUED FOR CIRCULATION WITH AN ISSUE OF ONLY 66.** How many can still be in existence today, over a century and a half later? We must admit that we did see a specimen in Atlanta in August priced at \$5,000.00. Since this **GREAT RARITY** is somewhat superior, we believe it should bring at least **\$6000.00**

173—1798 Double Date, 6X7 STARS, 5 BERRY REVERSE, UNCIRCULATED. A MAJOR VARIETY LISTED IN THE STANDARD CATALOG (we believe it should also be included in the Guidebook). The regular 4 berry reverse and perfect date 1798 is very rare but the 5 berry reverse is **EXCEEDINGLY RARE.** We have seen it compared to the 1841 (issued only in proof for collectors) in rarity. Of the 6 or 7 1841 said to be known, only 5 are available to collectors. There was one being offered in Atlanta (A.N.A. convention in August) at \$15,000.00. While the 1798 5 berry may be as rare as the 1841, we doubt if it will as yet bring as much as the 1841. Who knows how high it will go after it is listed in the Guidebook. At any rate, here is an opportunity to acquire a **GREAT RARITY** before it is listed in the Guidebook and everyone knows just how rare the coin actually is. We note the Guidebook added the 1798 small 8 dime to its present edition so believe it will also add this major variety. If we are "pinned down" to some idea of what would constitute a "reasonably good buy" for this **GREAT RARITY**, we would say somewhere between \$7,500.00 and \$10,000.00

174—1802 OVER 1, 8X5 STARS, Nearly Uncirculated, Sharp. RARE.
In great demand for type. Seldom offered. The only early \$2½ we saw at Atlanta was a damaged 1807 at nearly \$1000.00. Surely, this much rarer date nad much superior condition should be worth at least **1250.00**

QUARTER EAGLES (\$2½ GOLD) (Continued)

175—1804 ERROR DIE with 14 STAR REVERSE (struck from 1804 10c die) UNCIRCULATED with some PROOF SURFACE. Why the Guidebook lists the 1804 14 star reverse 10c and not the \$2½, your guess is as good as ours. The only recent record we could find of this VERY RARE coin is a specimen at the Michigan State Convention auction in Detroit a year ago November. That one sold for \$2,500.00. We don't recall that specimen, but it certainly couldn't have been superior to this one and we strongly doubt if it was the equal. A careful check of last year's prices compared to present prices show that they have nearly doubled for most of the early \$2½ gold. Therefore, this VERY RARE coin should now be worth somewhere close to\$5000.00

176—1808 NEW TYPE, HUGE HEAD IN ROUND CAP (ONLY YEAR OF TYPE) virtually Uncirculated, only the barest trace of rubbing keeps us from calling it an uncirculated gem. VERY RARE. Seldom available. We did see one in Atlanta in August at the A.N.A. Convention. It was very fine to extremely fine and priced at \$4,500.00. Certainly this MUCH CHOICER SPECIMEN should be worth closer to\$6000.00

176A—1824 OVER 21, NEW TYPE, SMALLER SIZE, "SQUARE HEAD", BEADED BORDER, FINELY ENGRAVED HAIR, a CHOICE specimen, a pinpoint nick in the field keeps us from calling it a gem. THE THIRD RAREST "TYPE" \$2½ GOLD (only the 1796 no stars and 1808 are rarer types). In trying to arrive at an estimated value, we could not find any recent enough auction record to be of any value. We did, however, find where a very fine 1827 (a larger issue than the 1824/21) brought \$1000.00 in a December, 1960 auction in New York. This specimen has since been acquired in the Spring of 1961 by a dealer who sold it immediately for \$1500.00. If that coin is worth \$1500.00 (we must assume that it is since several collectors bid on it until it was "knocked down" at \$1000.00, later a dealer paid a profit for and we know the collector who paid the \$1500.00) then this EXTREMELY RARE DATE and VERY RARE TYPE is worth..... 2500.00

176B—1833 (TYPE ISSUED 1829-1834) NEW TYPE by Wm. Kneass. DIFFERENT BORDER, BUST, ETC., BRILLIANT PROOFLIKE GEM WITH HIGH WIRE EDGE. Excellent for TYPE or date collectors. The only record recent enough to have any meaning was an extremely fine 1832 (not as scarce a date) at Atlanta priced at \$800.00. Surely this outstanding gem should be worth at least\$1250.00

177—1834 NEW TYPE, No Motto, BRILLIANT UNCIRCULATED WITH PROOF SURFACE, HIGH WIRE EDGE AROUND BOTH SIDES. Rare variety with small bust and stars. 250.00

178—1834 Similar type but usual variety with Large Bust and Stars, x.f. 45.00

179—1835 Small but, nearly Uncirculated. SCARCE. 60.00

180—1836 Large Date, nearly Uncirculated. SCARCE. 60.00

181—1836 Usual small date, Uncirculated. 60.00

182—1837 Nearly Uncirculated. Scarce.	60.00
183—1839 OVER 8, UNLISTED OVERDATE, uncirculated.	100.00
184—1839-C OVER 1838, MINT MARK ON OBVERSE, UNCIRCULATED. RARE "TYPE" AND DATE.	250.00
185—1839-D MINT MARK ON OBVERSE, nearly Uncirculated, die break top reverse. RARE "TYPE" AND DATE.	250.00
186—1839-O MINT MARK ON OBVERSE, extremely fine. "TYPE" COIN. Mounted in plastic.	125.00
187—1840 NEW TYPE, Tiny Date, very fine. SMALL ISSUE.	65.00
188—1840-C Mint Mark Reverse, nearly Uncirculated. RARE. The last specimen to come upon the market was in the June Scrapbook advertised by a New York dealer in very fine at \$100. We believe this substantially superior specimen, taking into consideration the rise in values since then, should now bring closer to	200.00
189—1840-O Mint Mark Reverse, Uncirculated with some Proof surface.	100.00
190—1841-C Nearly Uncirculated. RARE. In great demand both as a date (1841 impossible and 1841-D seldom offered) and mint (small coinage Charlotte).	300.00
191—1843-C Large Date, extremely fine obverse, very fine reverse. We note a specimen in about similar condition sold in June for \$95; this one should now bring over	125.00
192—1843-D Small date, extremely fine. RARE.	125.00
193—1844-D LARGER DATE, Uncirculated with orange color, slightly rubbed. SCARCE.	175.00
194—1845-D Extremely fine. SCARCE.	150.00
195—1846 OVER 44, bought as an overdate from a leading dealer and it gives every indication of being one. This is a nice Uncirculated specimen. Checking back, we find a record of \$155 in February of 1958. The 1846 Over 44 is also known in the silver dollar and half dime. This should now be worth at least....	250.00
196—1846-D OVER 45, Uncirculated, slightly rubbed. RARE.	225.00
197—1846-O OVER 45, Uncirculated, slightly rubbed.	100.00
198—1847 MUCH LARGER DATE, Re-Engraved 18, nearly Unc.	75.00
199—1847-C Nearly UNCIRCULATED, sharp. RARE.	175.00
200—1847-D Nearly Uncirculated. RARE. Approaching	200.00

201—1848 Uncirculated with some PROOF surface. VERY RARE. The last specimen to come upon the market was in the June Scrapbook at \$700 by a leading Eastern dealer. This superior specimen, and considering the rise in the market since then, should bring well over	\$1000.00
--	-----------

202—1848-C Nearly Uncirculated. The last specimen we saw offered was an uncirculated one at the Atlanta convention in August at	250.00
203—1848-D Nearly Uncirculated, sharp. RARER THAN THE 1848-C.	

QUARTER EAGLES (\$2½ GOLD) (Continued)

204—1848 "CAL." over eagle, Nearly Uncirculated, sharp. **VERY RARE. IN GREAT DEMAND.** There was one at the Atlanta convention in August in about similar condition priced at \$2,750.00. Whether this popular rarity will bring more or less, your guess is as good as ours. A year or so ago, we thought \$1000 was a fair price (however there weren't any available at this price). At the rate it is rising in value, it could very well be closer to \$5,000.00 a year or so hence.

205—1849 Fine. Becoming scarce.	37.50

GOLD DOLLARS (\$1)

Many of the branch mints have become rather elusive during the past year or two. Some of the dates have not appeared on the market at all during this period. If anyone is serious about completing this set, we strongly urge him to take advantage of every opportunity to acquire the scarce and rare dates before they virtually "disappear" from the market and the prices (when available, becomes prohibitive.

299—1849 OPEN WREATH, small head WITHOUT "L" (similar to 1864 bronze 1c without L) nearly Uncirculated, sharp. RARE "TYPE" COIN. ONLY 1000 ISSUED making it the second smallest issue of all the gold dollars; in addition, it is a "type" coin. Records over two years ago of \$100 and more; should now be worth over	150.00
300—1849 OPEN WREATH, small head with "L" added to truncation of bust (for Longacre as the "L" was added to the 1864 bronze 1c) extremely fine. SCARCE.	65.00
301—1849 OPEN WREATH, usual Large Head with "L", nearly Uncirculated. Catalogs unc.	55.00
302—1849 CLOSED WREATH, extremely fine. Catalogs	40.00
303—1849-C Closed Wreath, UNCIRCULATED with some PROOF surface. VERY RARE SO CHOICE. Easily worth over	500.00
304—1849-D Open Wreath, UNCIRCULATED with orange tint. RARE.	300.00
305—1849-O Open Wreath, extremely fine.	40.00
306—1850 Extremely fine.	37.50
307—1850-C UNCIRCULATED with some PROOF surface. VERY RARE. In fact, one of the RAREST OF THE CHARLOTTE DOLLARS. In this condition, could very easily approach	1000.00
308—1850-D Nearly Uncirculated. RARE. Acquired nearly a year ago at \$295.00. Should now be worth close to	400.00
309—1851 Very fine. Catalogs	27.50
310—1851-C UNCIRCULATED with yellow tint. Now approaching	200.00
311—1851-O Uncirculated with yellow tint.	45.00
312—1852 OPEN CENTER RING GOLD DOLLAR, appears to be gold but Judd's book on patterns states that the only two gold specimens are struck over \$2½ gold. This must therefore be the silver, copper-nickel or copper (Judd 138-140 which catalog to \$250 each) with gold plating, Uncirculated. Should bring at least \$250 and possibly	500.00
313—1852 RING GOLD DOLLAR but "United States Of America" instead of U S A as above obverse, similar reverse. Judging from its weight, this also must be gold plated instead of being struck in solid gold, unc. Similar in rarity to the above. Should bring at least \$250 and possibly	500.00
314—1852 Regular type, Brilliant Uncirculated. Seldom seen this choice.	50.00
315—1852 Duplicate in extremely fine.	35.00
316—1852-O Extremely fine.	37.50
317—1853 Orange Uncirculated. Catalogs	37.50

GOLD DOLLARS (\$1) (Continued)

318—1853 Duplicate in very fine, tiny nick. Catalogs	28.50

320—1853-O Extremely fine.	37.50

321—1854-D Nearly Uncirculated, SHARPLY STRUCK. VERY RARE.
One of the rarest of the gold dollars. Based on what a somewhat inferior specimen realized at Atlanta, this choice specimen should bring at least\$ 650.00

322—1854 TYPE II, LARGER SIZE, SMALL BUST, nearly Uncirculated, sharp (bought for unc.). IN GREAT DEMAND. Should exceed its cost of \$85; may bring closer to	100.00
323—1855 Extremely fine with sharp struck date. SCARCE.	85.00
324—1855-C ONLY TYPE II FROM CHARLOTTE MINT, very fine obverse, nearly Uncirculated reverse. Have seen worse at	300.00
325—1855-O Uncirculated with orange tint. ONLY TYPE II FROM THIS MINT. Now approaching	200.00
326—1855-O Duplicate, fine except traces on reverse of removal from pin.	50.00
327—1856-S Extremely fine. ONLY TYPE II FROM THIS MINT.	150.00
328—1856 TYPE III, LARGE BUST, upright 5, nearly Uncirculated, sharp. RARE. Greatly undervalued.	60.00
329—1856 Slanting 5, very fine. Catalogs	30.00
330—1857 Uncirculated, pinpoint nick on cheek. Catalogs	40.00
331—1857-C Uncirculated with some PROOF surface, usual edge peculiar to this date from this mint. RARE. ESPECIALLY THIS CHOICE.	300.00
332—1857-S Fine obverse (some discoloration) extremely fine reverse.	75.00
333—1858 AW-232A?, acquired as a pattern (AW-232 but struck in nickel) fine. Judd does not list this as a pattern. Acquired several years ago for	50.00
334—1858 Regular type, nearly Uncirculated, tiny nick.	37.50
335—1858-S About very fine. SCARCE.	100.00
336—1859 Orange Uncirculated. Scarce.	50.00
337—1859-S Very fine. SCARCE.	100.00
338—1860 Nearly Uncirculated, sharp.	45.00

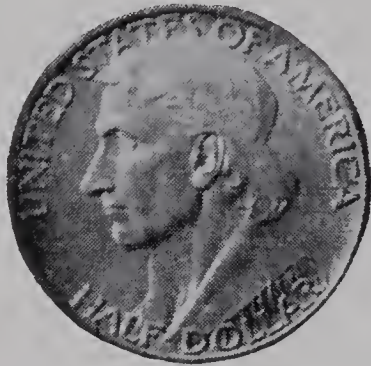

339—1860-D NEARLY UNCIRCULATED (usual faintly struck U of UNITED as characteristic in nearly all of the genuine 1860-D we have seen over the years). THE SECOND MOST VALUABLE GOLD DOLLAR! Seldom offered, especially in this choice state of preservation. The true rarity of this date is only now beginning to be appreciated. We note the catalog has advanced its value 300% during the past three years and judging from the many want lists we have for it, it could very well repeat or even better the rise in value during the coming three years. The present owner recognized the rarity by paying the \$2000.00 asked for this coin early this year. With the sharp rise in values since then, we would be surprised indeed if this VERY RARE coin brought less than\$2500.00

340—1860-S Nearly Uncirculated, sharp. SCARCE.	135.00
341—1861 Uncirculated. Becoming scarce.	50.00

342—1861-D ACQUIRED AT THE ATLANTA A.N.A. CONVENTION IN AUGUST WHERE IT WAS GRADED "VERY FINE-EXTRA FINE." We are inclined to agree with this grading altho it appears to be a bit on the conservative side. Our client instructed us to "pick up" an 1861-D for him at the convention as he had not been able to locate one during the past two years. We checked with practically every dealer there (quite a job as there were over 100) and were able to locate only this single specimen at \$3,250.00. The present owner gave us \$250.00 commission, making his cost \$3,500.00. THIS IS THE RAREST GOLD DOLLAR! In addition, ALL THE FEW 1861-D GOLD DOLLARS ISSUED WERE STRUCK BY THE CONFEDERATE GOVERNMENT AFTER IT SEIZED THE MINT IN APRIL, 1861! Surely, this exceedingly rare and historically interesting coin will continue its rapid rise in value. We doubt if an equal specimen (if it were obtainable) could be had at less than \$5,000.00 by this time of next year. For the present, we believe this one will bring closer to\$4000.00

343—1862 Nearly Uncirculated.	37.50
344—1868 Appears to be a PROOF which has been cleaned but now toning a nice color. RARE. We note proof has advanced nearly 300% in the catalog during the past three years and now lists at	300.00
345—1869 Slightly rubbed, PROOF surface. Have seen unc. priced over \$200 and note proof catalogs	250.00
346—1873 Open 3, Uncirculated with some prooflike surface.	75.00
347—1874 Polished and now resembles a proof. In fact, so choice it was acquired as a proof which now catalogs	200.00
348—1879 Brilliant with PROOF surface. Have seen these sold as full proofs. RARE.	175.00
349—1881 Brilliant with PROOF surface. Have seen these sold as full proofs. RARE.	125.00
350—1882 BRILLIANT GEM PROOF. ONLY 40 ISSUED.	225.00
351—1883 Brilliant with PROOF surface. Have seen these sold as full proofs. RARE.	125.00
352—1885 Brilliant with PROOF surface. RARE.	125.00
353—1886 OVER 5? (some call it an overdate while others claim it is a recut date) brilliant with PROOF surface. RARE.	125.00
354—1887 Brilliant with PROOF surface. Rare.	100.00
355—1888 Nearly Uncirculated, sharp. SCARCE.	60.00
356—1889 Brilliant Uncirculated. Last regular gold dollar. SCARCE....	75.00

COMMEMORATIVE HALF DOLLARS COMPLETE SET

We note a sharp rise in value taking place in this series, particularly in July and August with every indication that this is only the beginning of the rapid rise in value period. No doubt, present values will appear as "bargains" by the end of the year. Many have already exceeded the catalog values (compiled in January and February). For instance, the 1928 Hawaiian, which catalogs \$240, now brings (when available) upwards of \$325.00

357—COMMEMORATIVE HALF DOLLARS COMPLETE IN 3 NATIONAL ALBUMS, 142 DIFFERENT, ALL UNCIRCULATED BRILIANT TO SLIGHT BLuish OR GOLDEN TONING AT EDGES. Far superior to most sets we have seen. The set catalogs \$3,568.50 (prices compiled in January and February) but if a new catalog were issued today, we believe the set would have a catalog value exceeding \$4,000.00

We did see a scarce variety (not to be compared to this in rarity) of the Pedley-Ryan dollar priced at \$375.00 in Atlanta, therefore it is entirely possible that the owner's idea of value may be valid, \$1000.00 At any rate, we will know at the end of the sale as you, the bidder, must in the final analysis establish the value by your bid.

FLYING EAGLE CENTS

604—1837 Feuchtwanger Flying Eagle, nearly unc.	25.00
--	-------

605—1856 FLYING EAGLE, Nearly Uncirculated. RARE. Setting new records. The one in similar condition in the A.N.A. convention sale in Atlanta in August brought \$1,000.00. This one should now bring over\$1100.00

606—1857, 1858 Large Letters, about very fine. 25.00
 607—1858 Small letters, extremely fine. Catalogs 20.00
 608—1857, 58 LL, 58 sl, set 3 average fine. Catalog 22.50

TRANSITIONAL & EXPERIMENTAL SMALL CENTS

611—1853 J-149, Size and obverse regular \$2½ gold, reverse ONE CENT in olive wreath, struck in copper-nickel-zinc. ONLY 13 TO 30 ISSUED. Interesting idea to reduce size of cent and increase value of metal. 150.00
 612—1854 J-158 (date appears as 1851 but Judd says 1854) about size 20c piece, Liberty Seated as in silver coins (interesting attempt to have all coins conform in style) reverse "1 CENT" in oak wreath with acorns, PROOF. ONLY 13 TO 30 ISSUED. 150.00
 613—1857 Appears to be type regular flying eagle but oversized (nearly 25c size), fine. Not listed in Judd so can't be sure what it is. Previous owner had it valued at \$100 when present owner acquired it. Should now be worth more.
 614—1858 J-208, EXACT TYPE 1859 INDIAN CENT WITH LAUREL WREATH, BRILLIANT GEM PROOF. ONLY 76 TO 200 ISSUED. MUCH RARER THAN REGULAR 1856 FLYING EAGLE (1000 ISSUED). Acquired in 1959 at \$500.00; a gem such as this should now be worth at least 650.00

615—1858 J-191, EXACT TYPE 1858 SMALL LETTERS FLYING EAGLE, Reverse EXACT TYPE 1859 WITH LAUREL WREATH, BRILLIANT PROOF. VERY RARE. In fact, ONE OF THE RAREST OF ALL THE TRANSITIONALS. NOT LISTED IN ADAMS-WOODIN! Acquired in 1959 at \$750.00; should now be worth at least\$1000.00

616—1858 NOT IN JUDD, EXACT TYPE 1858 SMALL LETTERS FLYING EAGLE, Reverse TYPE 1860 WITH OAK WREATH except SHIELD OMITTED, BRILLIANT PROOF. OF EVEN GREATER RARITY THAN THE ABOVE. If rarity is any criterion of value, it should certainly be worth at least as much as a brilliant proof 1856 flying eagle which we recently saw priced at\$1500.00

617—1858 J-211, INDIAN HEAD TYPE 1859, Reverse TYPE 1860 WITH OAK WREATH Except SHIELD OMITTED, golden PROOF. ONLY 31 TO 75 ISSUED. Acquired in 1959 at \$375.00; should now be worth closer to 500.00

TRANSITIONAL & EXPERIMENTAL SMALL CENTS (Continued)

- 618—1858 J-212, TYPE AS ABOVE Except ORNAMENTAL SHIELD ADDED TO REVERSE, golden PROOF. ONLY 31 TO 75 ISSUED. Acquired in 1959 at \$375.00; should now be worth closer to 500.00
- 619—1859 J-226, REGULAR INDIAN OBVERSE, Reverse TYPE 1860 WITH OAK WREATH Except SHIELD OMITTED, golden PROOF. ONLY 31 TO 75 ISSUED. Acquired in 1959 at \$375.00; should now be worth over 500.00
- 620—1859 J-227, REGULAR INDIAN OBVERSE, Reverse TYPE 1860 WITH OAK WREATH AND SHIELD Except SHIELD MORE ORNAMENTAL, golden PROOFLIKE. ONLY 31 TO 75 ISSUED. Acquired in 1959 at \$375.00; should now be worth over 500.00
- 621—1859 J-228, EXACT TYPE 1860, golden Prooflike surface. LISTED IN THE 1957 STANDARD CATALOG AS A REGULAR ISSUE, THE SAME AS THE 1856 FLYING EAGLE. Actually, RARER THAN THE 1856 FLYING EAGLE. Acquired in 1959 at \$300.00; should now be worth 400.00

622—1863 J-302, TYPE 1864-L EXCEPT STRUCK IN COPPER-NICKEL, THE REGULAR COMPOSITION OF 1863. A TRUE TRANSITIONAL OF EXTREME RARITY. ONLY ABOUT 4 OR 5 SAID TO BE KNOWN. Acquired earlier this year at \$3,500.00. THIS IS A BRILLIANT GEM PROOF AND SHOULD BE WORTH MORE THAN A REGULAR BRONZE 1864-L (at least 15 known) WHICH IN THIS CONDITION, WOULD BE WORTH \$5,000.00 TO \$6,000.00. TRULY, "A CHANCE OF A LIFETIME."

- 623—1863 J-299, TYPE 1864 BRONZE (same type and thin bronze planchet as regular 1864). UNLISTED VARIETY WITH UPSET REVERSE. RED PROOF THE FIRST SMALL BRONZE CENT. All the other above transitionals come with normal reverses. We note regular J-299 bring \$325 (which is what this one cost in 1960) but with UPSET REVERSE it should be forth somewhat more— at least 500.00

624—1863 UNLISTED (similar to J-299 BUT STRUCK ON THICK COPPER PLANCHET AS IN REGULAR COPPER-NICKEL OF 1863). Interesting TRANSITIONAL SHOWING ATTEMPT TO CHANGE TO COPPER FROM COPPER-NICKEL. RED PROOF. EXTREMELY RARE AND PROBABLY UNKNOWN SINCE DR. JUDD DOES NOT LIST IT. In addition, IT HAS AN UPSET REVERSE. A companion piece to the above. Should be worth around \$1000.00

625—1863 UNLISTED similar to above but BRONZE (thick like copper-nickel) instead of copper, bluish red PROOF. Also UPSET REVERSE. This and the above two coins make A UNIQUE COLLECTION SHOWING THE CHANGE FROM THE THICK TO THE THIN PLANCHETS (as adopted in 1864) and showing the compositions considered. Should be worth around\$1000.00

626—1864 UNLISTED TRANSITIONAL similar to Judd-365 (regular Indian without L) but THICK BRONZE PLANCHET SIZE OF COPPER-NICKEL AS USED EARLY IN 1864. Weight 73½ grains, RED, BLuish PURPLE PROOF. UPSET REVERSE. A companion piece to the above 3 coins and EXCEEDINGLY RARE—POSSIBL YUNIQUE. Easily worth\$1000.00

627—1864 UNLISTED TRANSITIONAL similar to above coin but STRUCK IN COPPER (planchet size of copper-nickel), normal reverse, RED AND BLUE PROOF. A companion piece to above 4 coins. EXCEEDINGLY RARE—POSSIBLY UNIQUE. Probably struck after dies were lined up ready for regular striking. Easily worth\$1000.00

628—1864 UNLISTED EXPERIMENTAL with unfinished details (in lower feathers, hair, etc.) also SPIKED 4 in date (projection extending left from base of 4) appears to be struck in copper, weight 48 grains (thin planchet). Closest Judd comes to it is Judd-365 (copper-tin) with a weight of 45 grains. EXCEEDINGLY RARE—POSSIBLY UNIQUE.

CIVIL WAR TOKENS (Used As Cents In Civil War)

First introduced early in the Civil War. They filled the gap for small change since the United States coins were hoarded. They are divided into Patriotic Tokens and Merchants' Store Cards (issued by Merchants with their advertising). A most interesting and historical series that led to the thin bronze Indians introduced in 1864.

LINCOLN CENTS UNCIRCULATED "CLEANED"

A nice collection but the owner wanted to "improve" them so cleaned them to a nice red and reddish-orange color. We must admit they make a nice looking set but technically, we must call them cleaned coins. To save space, we will not repeat the word "cleaned" after each lot.

1942 PATTERN CENT

759—1942 LIBERTY, JUSTICE around Liberty Head and UNITED STATES MINT in wreath on reverse, PROOF. When metal became scarce and was needed for war after the start of World War II in December of 1941, a few experimental "cents" were struck using white metal, copper, bakelite and plastic (eventually, it was decided to use zinc coated steel in 1943). While a few of the 1942 patterns in metal have come upon the market (one offered in September struck in copper for \$475.00) we have been able to account for only one other struck in plastic in the hands of collectors. EXCEEDINGLY RARE AND IMPORTANT "WAR EXPERIMENTAL" COIN. Possibly worth the owner's valuation of\$1000.00

PART SET LARGE CENTS

760—1826-1857 Complete date set, one coin each year in holder, average very good to very fine with 2 or 3 possibly good. Retail value about 150.00

HALF CENTS

At least 10 times as scarce as the large cents which sell at the same price. The true rarity of this series is only now beginning to be appreciated. We note substantial rises in the last catalog and judging from the strong demand, substantial rises will again occur in the next catalog.

797—1848 RESTRIKE, MAGNIFICENT GLITTERING RED AND BLUE PROOF WITH HIGH BROAD BORDERS AROUND BOTH SIDES. A BEAUTIFUL SPECIMEN OF THIS VERY RARE COIN. We doubt if more than a dozen or so specimens are available to collectors. If rarity has anything to do with values, then surely this great rarity should be worth over \$1000.00. However, until collectors learn to appreciate the true rarity of this date, it will probably bring closer to \$ 600.00

798—1849 Braided Hair Type, LARGE DATE, nearly Uncirculated.	42.50
799—1850 Smaller date, extremely fine.	20.00

801—1852 RESTRIKE, MAGNIFICENT RED PROOF WITH SLIGHT BLUISH SHADING, HIGH BROAD BORDERS AROUND BOTH SIDES. A BEAUTIFUL SPECIMEN OF THIS VERY RARE COIN.	
By coincidence, two specimens came upon the market in September. The first (by an Eastern dealer) was merely described as "Proof" (we strongly doubt if it could compare with this GEM) called it "Extremely rare. Only about fifty pieces known. Worth over \$1,000 when compared to the prices of the 1877 nickel, 1895 dollar, etc., all of which are common in comparison." That piece was \$295. The other specimen was in our September sale (not quite the equal of this GEM) and realized \$315.00. We believe this GEM will now bring between \$350 and	400.00
802—1851 Re-Cut last 1 from extreme right to proper place, nearly Uncirculated, sharp.	25.00
803—1853 Nearly Uncirculated, sharp.	16.00

807—1856 Uncirculated brown, sharp. Scarce.	25.00
808—1857 BLUE PROOFLIKE SPECIMEN. Possibly a "Hurriedly Made Proof" as stated by a leading authority. Cost \$100 years ago; should now be worth somewhat more. Have seen a proof of this date within the last six months priced at	250.00

TWO CENT PIECES

An interesting and short-lived attempt to alleviate the shortage of small change caused by the Civil War. Even tho fairly large quantities were struck in the War Years of 1864 and 1865, their need dwindled and so did the quantity issued until 1872 (1873 issued only for collectors). Also the FIRST U. S. COIN TO BEAR MOTTO "IN GOD WE TRUST".

830—1864 J-371 EXACT TYPE 1864 LARGE MOTTO Except STRUCK IN COPPER-NICKEL AS THE SMALL CENTS OF THAT YEAR. BRILLIANT PROOF. Could the mint have been thinking of issuing the 2c piece in the same metal as the cent and then when the cent was changed to bronze later in the year, the 2c likewise was issued in bronze? ONLY 4 TO 12 ISSUED.	\$ 350.00

ALASKA GOLD & TOKENS

1157—1935 ARRC. 1c thru \$10 COMPLETE SET MOUNTED IN PLASTIC, nearly Uncirculated to Uncirculated. Gould-Bressett numbers 4-11. ALSO LISTED IN GUIDEBOOK. Only 250 complete sets were saved for collectors when the issue was called in for redemption and destroyed. Of these original 250 complete sets, who knows how many are still in existence. GREATLY UNDERVALUED IN KEEPING WITH THEIR TRUE RARITY. We were privileged to offer a complete set in our September sale (have traced that set back to the same source as this one) where a set was valued at \$500.00. We believe the set is well worth this price in keeping with its rarity and strong demand. However, it is you, the collector, who must make the final decision as to its value by your bid. Perhaps the set will bring more, perhaps it will bring less.

EARLY BUST HALF DOLLARS 1794-1836

1411—1794 Very fine and sharp. ONE OF THE CHOICEST SPECIMENS WE HAVE SEEN IN QUITE SOME TIME. Could very well bring close to the owner's idea of value of \$1000; we personally feel, however, that its current value is closer to 750.00

1412—1795 ERROR DIE with Last S of STATES OVER SOME OTHER LETTER, very good. RARE. 150.00

1413—1801 Variety with AME.RICA, nearly fine (part of motto shows). 100.00

In addition, this GREAT RARITY is virtually UNCIRCULATED having only the barest rubbing (the owner did buy it for uncirculated). One of the choicest, if not actually the choicest specimens of this date that we can recall handling. WHAT A COMBINATION, RARITY AND CONDITION. No wonder the owner felt this remarkable rarity should be worth \$2,500.00

--	--------

1500—1836 APOSTROPHE Variety (die break after last "S" in STATES) similar to 1799 dollar and American 1800 dollar, RARE FINELY REEDED EDGE (nearly all come with the normal wider spacing). A choice virtually Uncirculated specimen showing only the barest trace of friction. VERY RARE. Since the 1836 reeded edge were all STRUCK BEFORE THE LAW AUTHORIZING THEM FOR CIRCULATION, THEY ARE ACTUALLY PATTERNS PLACED IN CIRCULATION AFTER THE LAW AUTHORIZING THEM WAS PASSED. The 1836 Gobrecht dollars and 1856 Flying Eagle cents, of which 1600 of each were said to have been struck, are also coins of the same nature. Compare the price of the 50c (much lower coinage) with that of the \$1 and 1c and then you too will come to the same conclusion that the 50c is greatly undervalued.

This particular specimen, in addition, IS A SLIGHTLY LARGER PLANCHET. We encountered another large size planchet variety about twenty years ago and in discussing it with the well-known authority, Wayte Raymond, he voiced the opinion that these were actually a few of the lettered edge planchets then being used in normal coinage. When they were compressed in the smaller collar with reeding, all evidence of the lettered edge was obliterated. The large size reeded edge halves were evidently true patterns in the normal sense of the word, while the regular size normal reeding halves were more of a propaganda nature (as were the 1836 \$1 and 1856 Flying Eagle 1c) used to induce the passage of the law authorizing them as a regular issue. EXTREMELY RARE AND DESERVING OF A SEPARATE LISTING IN THE GUIDEBOOK. ----- \$1000.00

PANAMA PACIFIC SET (\$50 GOLD, ETC.)

2037—\$50 1915 Octagon, brilliant uncirculated. VERY RARE.
 How many of the 645 originally issued can still remain in existence (200?, 300?) particularly so choice? The last record was the one sold at the Chicago Convention auction in early October at \$3,875; now in December, this **POPULAR RARITY** should bring closer to **\$4,500.00**

2038—\$50 Duplicate Octagon showing some friction. While not the beauty as the above, it is still a very nice coin when by itself and not overshadowed by the choiceness of its mate. 3,500.00

2039—\$50 1915 ROUND, Brilliant Uncirculated. NEARLY A THIRD RARER THAN THE \$50 OCTAGON! How many can still remain in existence (150?, 200?) particularly so choice? The catalog undervalues the round in relation to the octagon by indicating only a \$600 premium for the round over the octagon. We believe the round is worth at least \$1000 more than the octagon or **\$5,500.00**

2040—\$2½ 1915 Brilliant Uncirculated. RARE, ESPECIALLY SO CHOICE. 250.00
2041—\$1 1915 Brilliant Uncirculated. SCARCE. Becoming difficult to obtain so choice. 50.00
2042—50c 1915 Brilliant Uncirculated. RARE, ESPECIALLY SO CHOICE. 75.00

UNCUT SHEETS SIX 1929 NATIONAL BANK NOTES, SMALL SIZE

An unusual opportunity to obtain some scarce and RARE uncut sheets of six National Bank Notes as issued to the banks. Not many were preserved this way as over 99% of the issue were cut apart (as they were supposed to be) and put into circulation. There are two distinct TYPES. TYPE I HAVE THE SAME SERIAL NUMBER ON EACH NOTE OF THE SHEET and HAVE THE CHARTER NUMBER OVER PRINTED ONLY TWICE (once on either end of the note). TYPE II HAVE A PROGRESSIVELY DIFFERENT SERIAL NUMBER ON EACH NOTE OF THE SHEET and HAVE THE CHARTER NUMBER OVERPRINTED FOUR TIMES (in addition to the two BLACK overprints on type I, they have two BROWN—one on either side of the bust). We predict a great future for uncut sheets of this series. They cannot remain this low very much longer. We have been informed that THE NEXT EDITION OF THE CURRENCY CATALOG WILL APPEAR IN SPRING OF 1962. Undoubtedly, these notes will show a rise in value.
